Mailer could have actual paper bow tie, sticker/decal or bow ties from previous page attached as a giveaway. Mailers could be done in the shape of a bow tie.

This concept utilizes an add-on to the billboard which would be an additional cost. However, the application does make it stand out in the crowd of billboard design. All designs (if budget and ordinances allow) could use added features like custom lighting, 3D standoffs for the logo, back-lighting, etc. Layout can be applied to a standard size as well if the design is one you want to pursue.
